

Technical Data Sheet

⇒ **Insulated Ice Box 150 IB , Made In India**

OD Size : 830x585x590 mm	Capacity Ltrs : 150L
ID Size : 730x485x460 mm	Box weight - 21.2 Kgs + or - 5%

- Raw Material: UV stabilized Food grade Virgin Polyethylene
- Technology: Rotational Moulding
- Skin Layer Avg. Thickness: (4 +/- 1) mm
- Insulation: Polyurethane Foam having Density of (42+/-2) Kg/m³
- Inner Dimensions: Length 730 mm, Width 485 mm & Height 460 mm
- Outer Dimensions: Length 830 mm, Width 585 mm & Height 590 mm
- Capacity: 150 Litres Thickness: 78 mm
- Lid: Supporting with the Tub (also available with Single and double wending Lid)
- Facilities: Locks to Attach Lid,
- Packing: Stretch Film Wrapping for Climate Resistance
- No Hinges
- Lock : Stainless steel / Rubber Wrap
